

CALLING ALL

QUANTITY SURVEYORS

Solomons Europe is a forward thinking company working within the process and engineering sectors on a number of large scale and prestigious projects on behalf of major EPC Contractors in the renewables, oil and gas, nuclear, process and infrastructure sectors.

Having a positive attitude towards our people, we are proud to have built an open and supportive culture, whereby joining the Solomons team offers a range of innovative benefits, designed to support your overall wellbeing and career objectives, including:

- One to one career planning with a dedicated outsourced Talent and Performance Manager
- Assigned Management representative to support development of project specific skills
- RICS and further education sponsorship
- Choice of career route via either management or technical expert pathways
- Commitment to health and wellbeing through company-wide initiatives, including one weeks' free annual holiday in the Lake District and seasonal family friendly social events with an outdoor theme
- Weekend APC and career development workshops for those who strive for excellence, aspiring to fast track development
- Knowledge sharing portal to ensure teams are kept up to date with company news, events and industry updates

If you have a client focused approach and a performance driven attitude to service delivery, and are looking for a new career challenge, Solomons Europe can offer you the following:

- Highly competitive salary package
- Company BMW or generous car allowance
- Up to 5% of salary pension contribution
- Health cash plan
- Free annual lake district holiday
- Enhanced subsistence allowances (up to £40 pn in addition to accommodation provision) when working away from home
- Overtime paid at time plus one third
- 25 days holiday plus bank holidays
- Professional subscriptions and course sponsorship

If you would like to join a team of 45 enthusiastic committed professionals, please apply with your up to date CV to dawn.powell@solomonseurope.co.uk
